

THE IDEA

The aim of the CELUM User Group is to create a platform that gives both customers and partners of CELUM and its products the opportunity to exchange ideas and support one another.

We want to create a network that makes it its business to promote the exchange of knowledge and experience in the CELUM community and to support each other.

WHO CAN PARTICIPATE?

- » Customers
- » Users
- » Implementation partners
- » Technology partners
- » Service providers
- » Apprentices and students
